

BE ANYTHING FEAT. MR. Q-U-E

Chorus (*Mr. Q-U-E in italics*)

I... I... I... can be anything, I... I... I... can be anything
I... I... I... can do anything, I... I... I... can do anything
Actuary, physician, economist
Principal, investor, study politics
I... I... I... can be anything *I... I... I... can do anything*

Verse 1 (Mr. Q-U-E)

I... I... I can do anything
Imma get an education by any means
On group assignments, Imma lead the team
Get a degree and I can buy anything
Buy anything?
That's right anything
I focus like cameras when the bell rings
Before I come to school, I double check my things
And keep my work on a flash drive in my jeans
Uh yeah, the things I've been taught
Keep on runnin' through my mind...thoughts
A's on my work, show the world...floss
I'm a hard worker, I wanna be the boss
I never really knew that I could be a high achiever
My teacher throws knowledge and I'm a wide receiver
I catch it with a notebook, pencil in my fingers
Keep a good attitude, positive demeanor cause...

Chorus

Verse 2 (Mr. D)

I can be anything, really ain't nothing to it
A's on my test so you know I'm the coolest
I'm the coolest, yo I never been a fool
Get paid now, why? 'Cause I stayed in school
Go to college and get an education

Great things come with an education

Got more game than a play station
Shine like my chain 'cause I got an education
I... I... I can be anything
Put my mind to it, I can do anything
No, you...you can be anything
Put your mind to it you can do anything
Yeah, yo it pays to be better
Better get yourself together, it leads you to the cheddar
Believe and try your best, you can be anything
With an education you can do anything

Chorus

Verse 3

Wanna know who the best? You ain't even gotta ask
Study for my test so I pass my class
I step in class, he don't play
Don't believe me? Check out the GPA
Goin' for an "A" I gotta keep grindin'
It's cool to learn math, got my money multiplyin'
Yeah, multiplyin' and passin' my test with flying colors
Sleep on me and Imma have to snatch the covers
Never need to cover, stand tall and be aware
I stack more chips than computer software
Yeah, computer software jobs are in high demand
Livin' life fab throwin' money in the bag
Leader like Barak or the captain of the boat
You can be great if you study with Music Notes
With Music Notes I can be a CPA
Or a statistician for the NBA hey!

Chorus
